NURBURGRING GP VERSION

1/20 SCALE STATIC DISPLAY MODEL

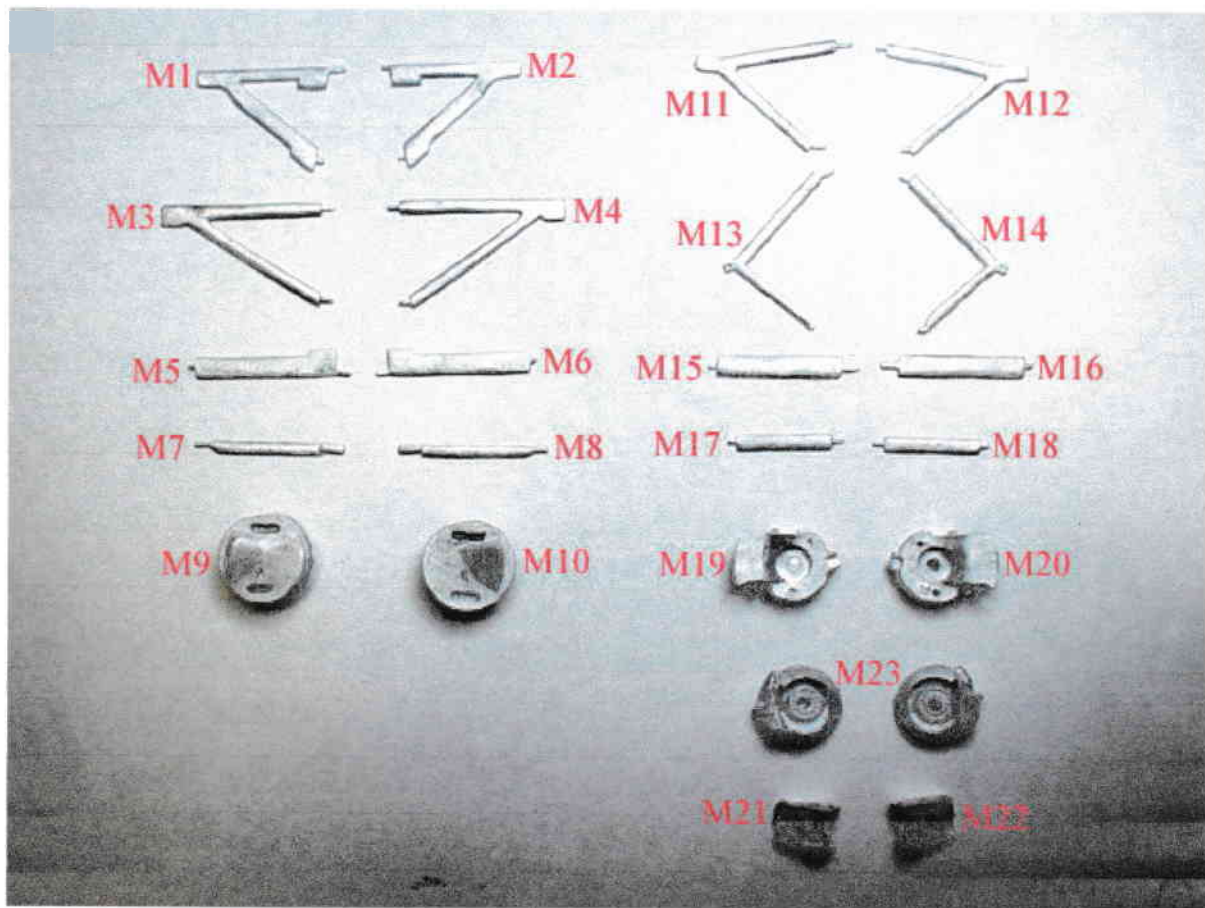

GP SERIES N° 001

## 2 - Parts list

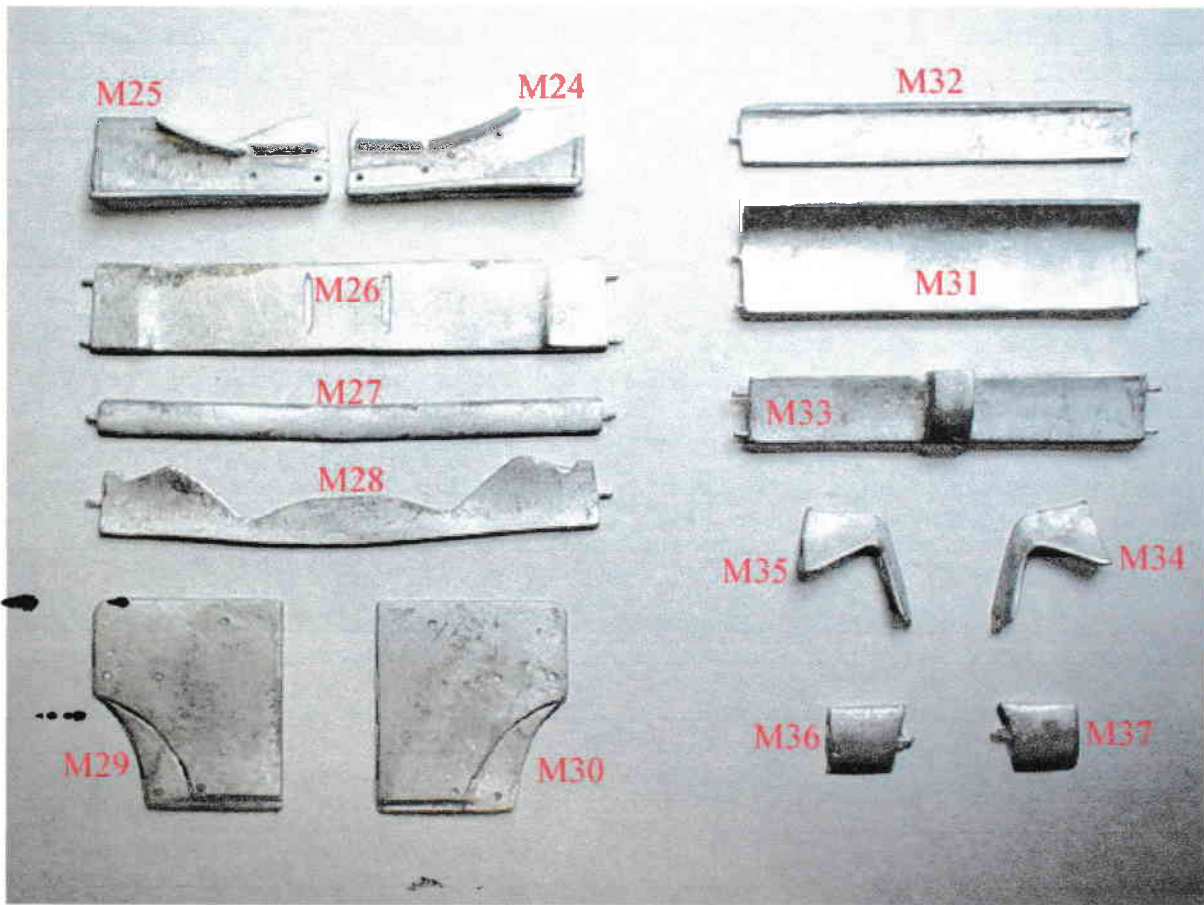

### 2.1 - RESIN PARTS

	<p>Part R1</p> <p>Main car body part</p>
	<p>Part R2</p> <p>Floor</p>

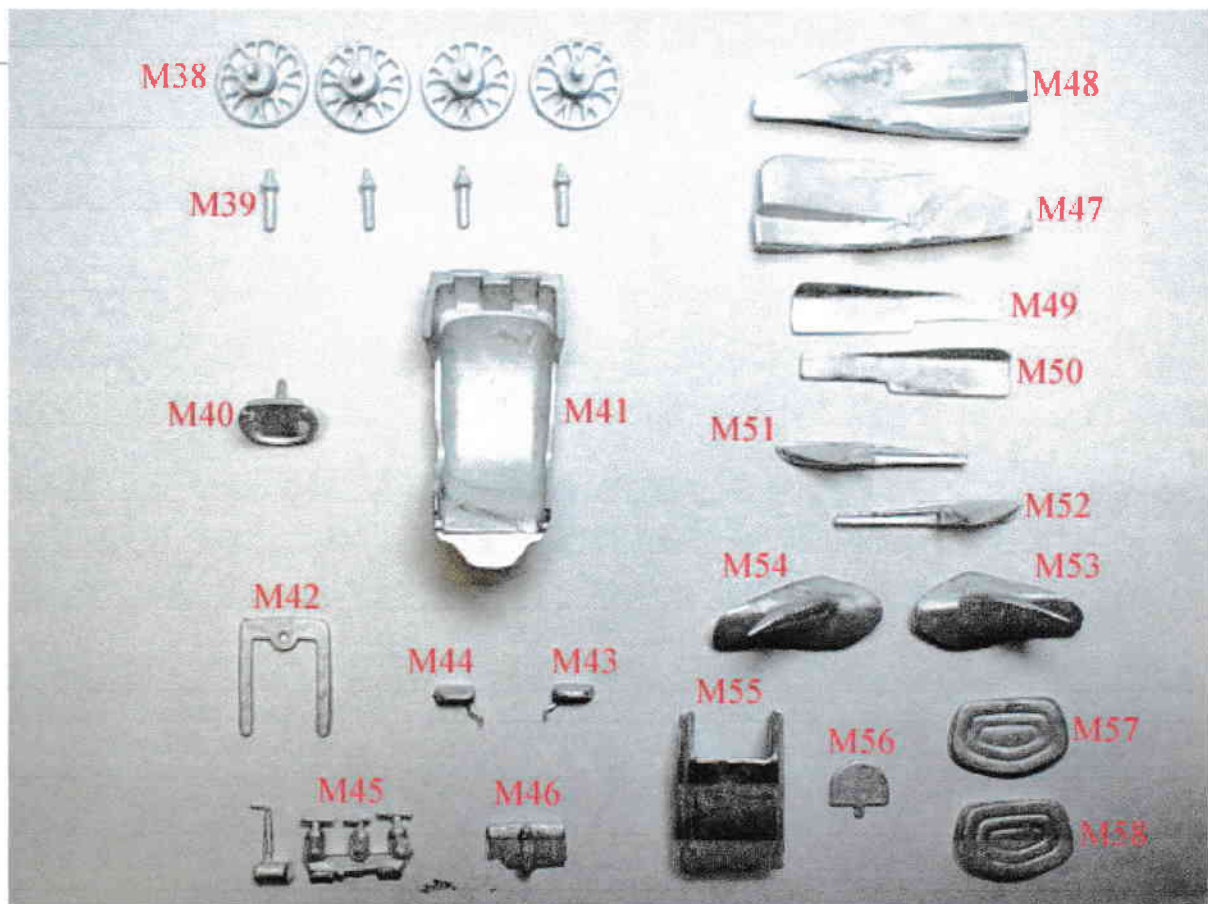

### 2.2 - METAL PARTS

Part M1	Right, front, superior suspension arms
Part M2	Left, front, superior suspension arms
Part M3	Right, front, low suspension arms
Part M4	Left, front, low suspension arms
Part M5	Right, front suspension trigger
Part M6	Left, front suspension trigger
Part M7	Right steering bar
Part M8	Left steering bar
Part M9	Right front brakes/air ducts/wheel mounting
Part M10	Left front brakes/air ducts/wheel mounting
Part M11	Right, rear, superior suspension arms
Part M12	Left, rear, superior suspension arms
Part M13	Right, rear, low suspension arms
Part M14	Left, rear, low suspension arms
Part M15	Right, rear suspension arms
Part M16	Left, rear suspension arms
Part M17	Right, rear suspension trigger
Part M18	Left, rear suspension trigger
Part M19	Right rear brakes ducts/wheel mounting
Part M20	Left rear brakes ducts/wheel mounting
Part M21	Right rear brakes ducts/wheel mounting cover
Part M22	Left rear brakes ducts/wheel mounting cover
Part M23	Rear brake set(2X)

Part M24	Right, front wing side board
Part M25	Left, front wing side board
Part M26	Front wing part 1
Part M27	Front wing part 2
Part M28	Front wing part 3
<b>Part M29</b>	<b>Right, rear wing side board</b>
Part M30	Left, rear wing side board
Part M31	<b>Rear wing part 1</b>
Part M32	Rear wing part 2
Part M33	Rear wing part 3
Part M34	Right side small wings
Part M35	<b>Left side small wings</b>
Part M36	Right wing over the cowling
Part M37	Left wing over the cowling

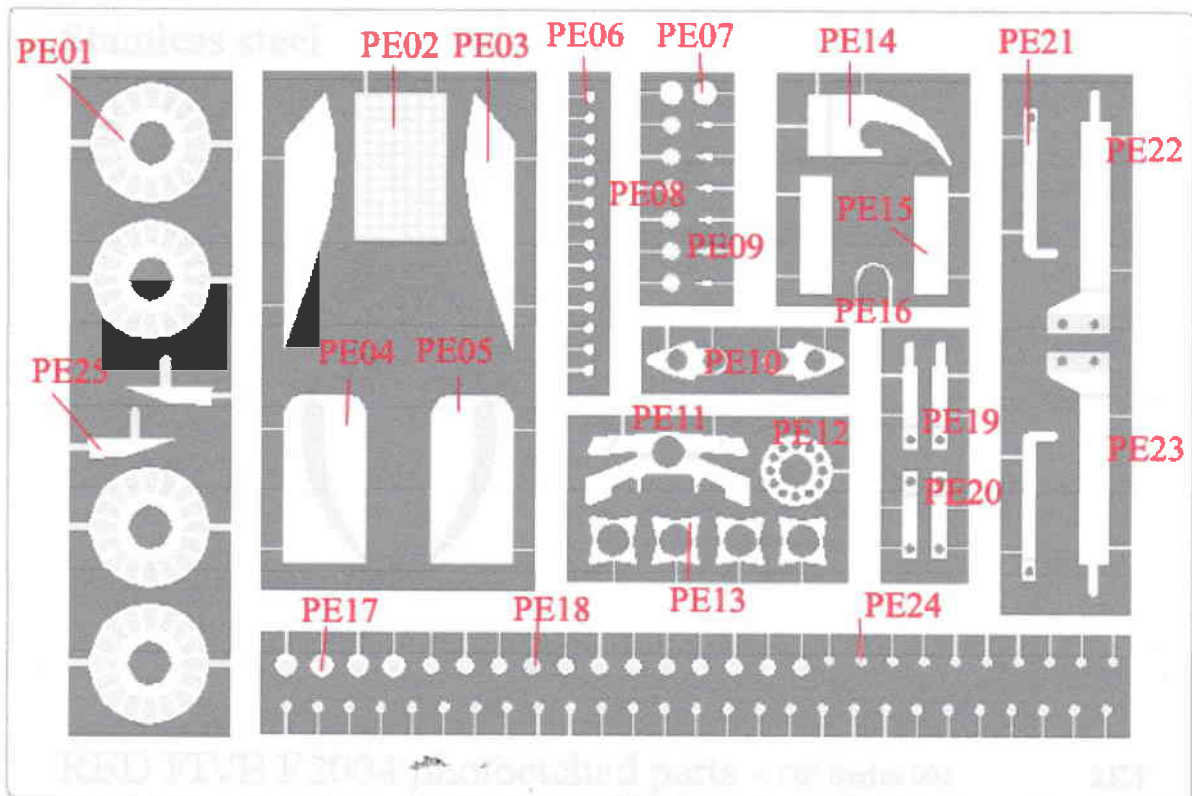

Part M38	Wheels center part (4X)
Part M39	Wheel lock nuts(4X)
Part M40	Steering wheel
<b>Part M41</b>	<b>Drivers seat</b>
Part M42	Steering wheel suport
Part M43	Right rear view mirror
Part M44	Left rear view mirror
Part M45	<b>Antennas</b>
Part M46	T-Cam
Part M47	Barge board 1/1 right
Part M48	<b>Barge board 1/1 left</b>
Part M49	<b>Barge board 2/1 right</b>
Part M50	Barge board 2/1 left
Part M51	Right exhaust and covers
<b>Part M52</b>	<b>Left exhaust and covers</b>
Part M53	Right side chimney
Part M54	Left side chimney
Part M55	Air extractor
Part M56	Drivers head rest
Part M57	Drivers right shoulders rest
Part M58	Drivers lefy shoulders rest

## 2.3 - OTHER PARTS

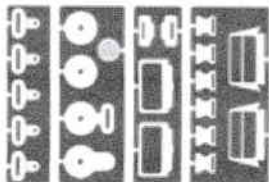

Part D1	Front aluminum rims(2X)
Part D2	Left aluminum rims (2X)
Part D3	Front rubber tyres (2X)
Part D4	Rear rubber tyres(2X)
Part D5	Hardwood plank
Part D6	Wind shield
Part D7	Rain light cover
Part D8	rear traction axle(2X)

2.4 - PHOTOETCHED

**Part PE01** Wheels lock nuts(4X)**Part PE02**Rear rain lights**Part PE03**Barge board 1/2 (2X)**Part PE04**Left lateral small wing (2X)**Part PE05**Right lateral small wing (2X)**Part PE06**Steering wheel buttons/switches 1 (14X)**Part PE07**Steering wheel buttons/switches 2 (2X)**Part PE08**Steering wheel buttons/switches 3/1 (6X)**Part PE09**Steering wheel buttons/switches 3/2 (6X)**Part PE10**Front suspension fittings(2X)**Part PE11**Gear shift and clutch levers**Part PE12**Steering wheel eject mechanism**Part PE13**Steering wheel fittings(4X)**Part PE14**Rear jack support**Part PE15**Rear view mirrors(2X)**Part PE16**Fire extinguisher trigger**Part PE17**Nuts 1,2 mm (4X)**Part PE18**Nuts 0,9mm (12X)**Part PE19**Barge boards supports 1 (2X)**Part PE20**Barge boards supports 2 (2X)**Part PE21**Barge boards supports 3 (2X)**Part PE22**Barge boards supports 4 direita**Part PE23**Barge boards supports 4 esquerda**Part PE24**Nuts 0,6 mm (37X)**Part PE25**Small air deflectors

GP SERIES N° 001

### 3 - Body and floor preparation

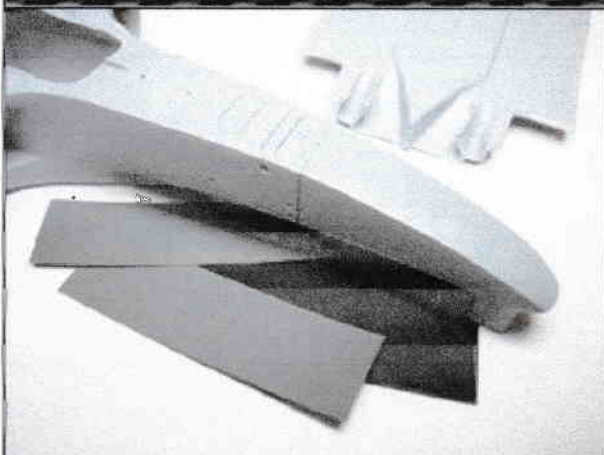

#### 3.1 - STEP 1

Using a pin vise, make the necessary holes on the part R1. Study this manual to know every hole you need to drill.

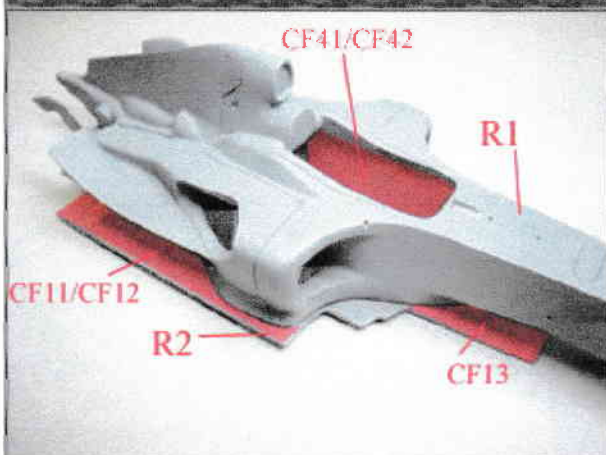

Carbon fiber decals CF1 and CF2 must be applied where indicated, after painting the body.

#### 3.2 - STEP 2

With putty and sandpaper, get rid of any mold lines, resin air bubbles, and other imperfections..

#### 3.3 - STEP 3

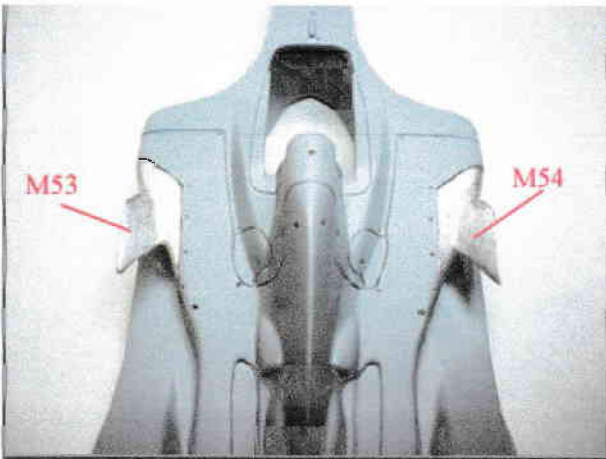

Adjust the fit between parts R1 and R2, if necessary.

Carbon fiber decals CF11, CF12, CF13, CF41 and CF42 must be applied where indicated, after painting.

#### 3.4 - STEP 4

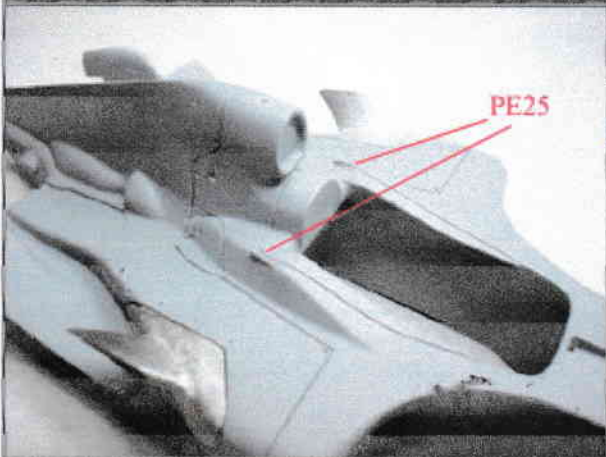

Adjust the fitting of the parts M53 and M54. It's a good idea to adjust and glue this parts on the car before start painting.

[Reference picture](#)

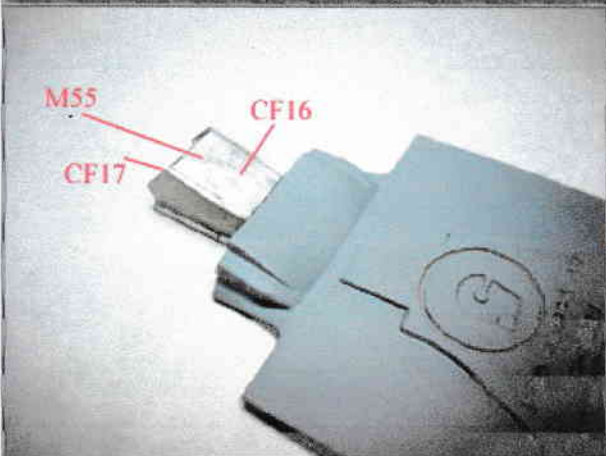

3.5 - STEP 5

Glue part PE25, and get rid of the joint line with putty.

[Reference picture](#)

3.6 - STEP 6

Glue part M55 on part R2 e get rid of the joint line with putty.

Carbon fiber decals CF16 and CF17 must be applied were indicated, after painting

## NURBURGRING GP VERSION

1/20 SCALE STATIC DISPLAY MODEL

GP SERIES N° 001

### 9 - Barge boards

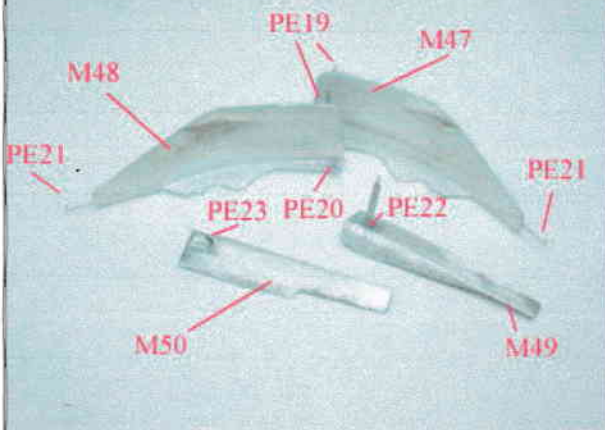

#### 9.1 - STEP 1

Glue the PE03 at parts M47 e M48.

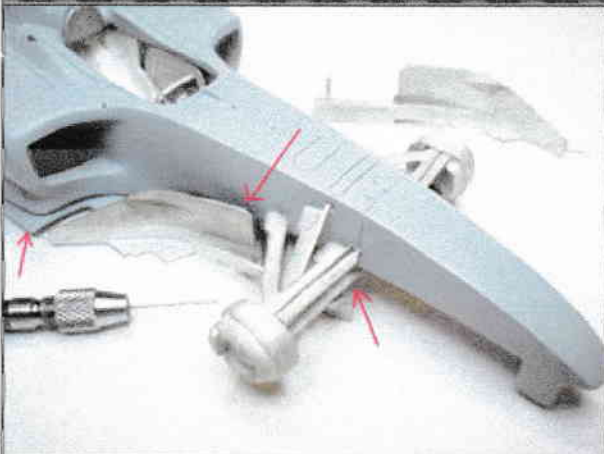

[Reference pictures](#)

#### 9.2 - STEP 2

Glue parts PE19, PE20, PE21, PE22 and PE23 at parts M47, M48, M49 e M50.

#### 9.3 - STEP 3

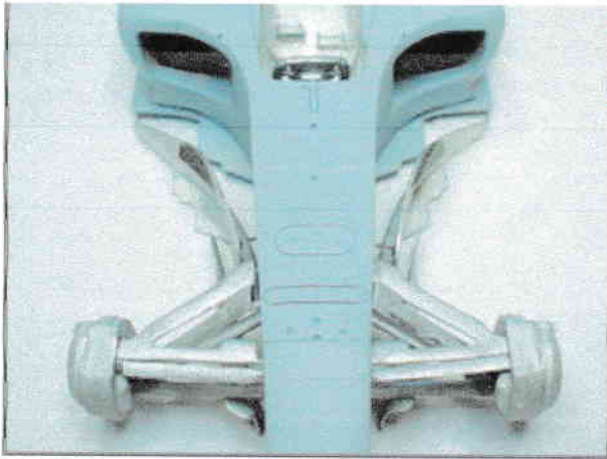

Using the barge boards, verify the right place to drill the 3 fitting holes on the R1 part, as indicated on the picture.

#### 9.4 - STEP 4

Install the barge boards to the car.

**Recomendation:** This is probably the last part to glue to the model, as the supports are really thin and fragile

to be on the right scale.
